Thank you so much.

I have attached our maintenance directories below. I am waiting for one more directory and will send it once received.

Good Morning All,

I am forwarding this email to you as I could not find an updated directory for your respective divisions.
If possible, may we request an updated directory from your clerical personnel? I will gladly send them over all the directories that I have collected from our other divisions.

The original email is to inform you of RAP's Trees In Tribute Program & the change in it's pricing.

Please review.

Thank you & have a wonderful day!

Good Morning,

I hope everyone is doing well.

I am emailing to inform you of RAP Forestry Division's Trees In Tribute Program. Some may be aware of the program already and some may not, as such here is a brief description.

The trees in tribute program aims to provide our patrons with an opportunity to honor or memorialize a special person or event in their lives, while also providing trees to our parks, beautifying the facility, creating shade and reducing our carbon footprint through the natural conversion of carbon dioxide to oxygen through photosynthesis.

The trees will be planted and maintained by RAP Forestry & the facility maintenance staff utilizing the recommended young tree care practices as set forth by the RAP Forestry Division. More information is available on the application attached below or by calling our office phone number.

PLEASE NOTE THAT THE PRICE HAS CHANGED.

Delete & Discard any old applications that you may have and use these moving forward.

All changes have been made on the LAParks.org website already and Forestry will no longer accept any old applications.

Thank you all for your time.

Have a wonderful day!
